EDUCATION

University of Texas at San Antonio **San Antonio, TX**
B.S. Computer Science | GPA: 3.77 | USAA Ascent Scholar, Dean's List, Honors College *Expected: May 2028*

EXPERIENCE

Undergraduate Student Fellow **Nov 2025 – Present**
Cohort for AI Responsibility Laboratory (CAREAI) *San Pedro 1 Downtown*

- Integrated **RAG** with Llama LLMs and clinical ICD-10 datasets to generate structured diagnostic queries for patients and physicians.
- Built a **Streamlit** frontend enabling intuitive interaction with the RAG pipeline and LLM-based query analytics.

ServiceNow Application Developer Intern **Jan 2026 – May 2026**
ServiceNow-UTS Bold Careers *San Antonio, TX*

- Developed custom **enterprise** applications on the ServiceNow platform, automating business workflows with native **JavaScript**.
- Designed automated approval and routing processes, reducing manual overhead and improving cross-department systems efficiency.

Software Automation Engineering Intern **June 2024 – Aug 2024**
Student-Athlete.co *Waco, TX*

- Built a full-stack Athlete Automation System using **Flask** and **SQLAlchemy** to streamline booking and schedule management.
- Automated reminder workflows and designed a scalable DB schema for real-time athlete availability tracking, reducing no-shows.

Python Programming Instructor **Oct 2024 – June 2025**
San Antonio Math Include *Remote*

- Instructed **10+** students in **Python**, algorithms, and data structures; integrated computational logic into math problem-solving curricula over 12 weeks.

PROJECTS

GrowFi | *Gemini API, TwelveLabs, React* | **1st Place, HackRice 2025 — Sponsored by Goldman Sachs**

- Built a gamified financial literacy platform for underbanked users with an AI chatbot powered by the **Gemini API**.
- Integrated secure Face ID verification via **Persona API** and a merit-based mini-game engagement system in a 36-hour sprint.

Shepherd | *Next.js, Supabase, PostgreSQL* | Live App | Source Code | Beta version |

- Built a **full-stack** pastoral intelligence platform for **5+** churches with **Next.js** and **PostgreSQL**, integrated with Planning Center API.

The Bible and a Brown Perspective | *Podcast* | **715+** Impressions across Spotify & Apple Podcasts

- Independently produce, edit, and market a faith-centered podcast; manage full production pipeline and multi-platform audience growth.

CERTIFICATIONS AND SKILLS
